# **Built\_in Datatype in Python:**

## Numeric datatype:

#### **Sequence Datatype:**

#### List datatype:

```
rejlamigrajland-HP-Laptop-14s-Fqixxx:-S python3
Python 3.10-12 (nain, Nov 20 2023, 15:18:05) [CCC 11.4.0] on linux
Type "help", "copyright", "credits" or "license" for more information.

***Litt ["Hello", "Rajlami"]

**Suntanfor: invalid syntax
